

International Scientific Conference

Genetic Processes in Populations,

dedicated to the 50th Anniversary of the Laboratory of Population Genetics named after Academician Yury P. Altukhov, and the 85th anniversary of the outstanding population geneticist Academician Yu.P. Altukhov (1936–2006)

11–14 October 2022

Vavilov Institute of General Genetics Russian Academy of Sciences
Moscow

Information letter № 1

Dear colleagues!

We are pleased to invite you to attend the International Scientific Conference **Genetic Processes in Populations**. The Conference is commemorating the 85th birthday of an outstanding population geneticist, Academician Yury P. Altukhov and dedicated to the 50th Anniversary of the Laboratory of Population Genetics founded by Yu. P. Altukhov and named after him. The Conference will be held at the Vavilov Institute of General Genetics Russian Academy of Sciences, Moscow on **11–14 October 2022**.

The main objective of the conference is to present Yu. P. Altukhov's scientific heritage and achievements of his scientific school, to discuss the modern state and perspectives of population and general genetics in Russia and in the world, to bring along new methods for the estimation and monitoring of genetic diversity that reveal factors underlying genetic processes in plant, animal and human populations.

For registration, please, fill out the registration form appended below and email it to confpopgen2022@gmail.com until **15 March 2022**. Information about the format of materials, registration fee and excursions will be announced in subsequent letters. The working languages of the conference are Russian and English.

The Conference will have the following sections:

- ✓ Genetic Processes in Animal Populations
- ✓ Genetic Processes in Plant Populations
- ✓ Genetic Processes in Human Populations
- ✓ Genetic Mechanisms of Speciation
